15. *Withdrawn.*
16. *Mr. Makarchuk*—Resolution—That in the opinion of this House legislation should be introduced by the Government of Ontario to provide financial recompense to Canadian businesses when the provincial government or institutions which receive more than 50% of their funding from the public do not purchase, goods, food, or services which are available from Canadian sources and which are no more than 10% more expensive than similar goods, foods or services available from non-Canadian sources.
24. *Mr. Bounsall*—Resolution—That this House urge the Government of Ontario to implement immediately in legislation as amendments to the Ontario Human Rights Code, all the recommendations contained in the Ontario Human Rights Commission Report—*Life Together: A Report on Human Rights in Ontario*—particularly inasmuch as it has now been two years since that report was received, and almost five years since one Minister of Labour committed the Government to introducing amendments at the next session.
26. *Mr. Smith* (Hamilton West)—Resolution—The Legislature of Ontario requests that the Government of Canada be urged to use every effort and means to secure the release of Yuriy Shukhevych and Lev Lukianenko from Soviet imprisonment and the compliance of the Government of the USSR with the letter and spirit of the Helsinki accords and the Charter of Human Rights.

27. *Mr. Haggerty*—Resolution—That, in the opinion of this House, no approval be granted for any permanent nuclear waste repository in Ontario, without the specific approval of the Ontario Legislature.
28. *Mr. Renwick*—Resolution—That, nearing a time of crisis and decision for Canada, a Committee of this House be named immediately to review the present proposals and positions of this government in relation to national unity and related constitutional issues, so that the position of this House may be made clear, particularly as the positions of the governments, Federal and Provincial, of the Task Force on Canadian Unity and other concerned interested bodies have now been published; and that the Committee be required to recommend to this House the policy and proposals for Ontario which will best ensure the continuing unity of Canada; the said Committee to report not later than December 31, 1979.

31. *Mr. Smith* (Hamilton West)—Resolution—That the Legislative Assembly of Ontario, noting reports that the Government of Canada intends to increase the price of domestic crude oil by as much as \$5 a barrel, and the price of natural gas by a corresponding amount on an energy equivalent basis, 1. Expresses its deep concern that such increases will greatly harm the consumers of Ontario and Canada generally, and will have a serious inflationary and recessionary effect on the Ontario economy; 2. Opposes any increase at this time in the prices of crude oil and of natural gas which results in windfall revenues and profits for the petroleum industry and the producing provinces; 3. Endorses the policy of one base price for crude oil across Canada and the subsidization of foreign imports of crude oil which that policy entails; 4. Supports the use of public funds for a greatly expanded program for energy conservation and the development of renewable energy supplies and systems; 5. Advocates, as interim measures, the imposition of federal excise taxes on crude oil and natural gas for the purpose of subsidizing imports and funding energy conservation and renewable energy programs; 6. Urges that such excise taxes be kept in place pending review and reform of the federal government's Equalization Policy and payments, with particular regard to the grossly inadequate weight now given to provincial oil and gas revenues as a factor in the Equalization Formula. And further, that the Legislative Assembly requests Mr. Speaker to transmit this Resolution forthwith to the Government and Parliament of Canada, and requests the Government of Ontario, in its discussions with the governments of Canada and other provinces to reflect the views expressed herein diligently and in good faith.

24. *Mr. Bounsall*—Resolution—That this House urge the Government of Ontario to implement immediately in legislation as amendments to the Ontario Human Rights Code, all the recommendations contained in the Ontario Human Rights Commission Report—*Life Together: A Report on Human Rights in Ontario*—particularly inasmuch as it has now been two years since that report was received, and almost five years since one Minister of Labour committed the Government to introducing amendments at the next session.
26. *Mr. Smith* (Hamilton West)—Resolution—The Legislature of Ontario requests that the Government of Canada be urged to use every effort and means to secure the release of Yuriy Shukhevych and Lev Lukianenko from Soviet imprisonment and the compliance of the Government of the USSR with the letter and spirit of the Helsinki accords and the Charter of Human Rights.

27. *Mr. Haggerty*—Resolution—That, in the opinion of this House, no approval be granted for any permanent nuclear waste repository in Ontario, without the specific approval of the Ontario Legislature.
28. *Mr. Renwick*—Resolution—That, nearing a time of crisis and decision for Canada, a Committee of this House be named immediately to review the present proposals and positions of this government in relation to national unity and related constitutional issues, so that the position of this House may be made clear, particularly as the positions of the governments, Federal and Provincial, of the Task Force on Canadian Unity and other concerned interested bodies have now been published; and that the Committee be required to recommend to this House the policy and proposals for Ontario which will best ensure the continuing unity of Canada; the said Committee to report not later than December 31, 1979.

31. *Mr. Smith (Hamilton West)*—Resolution—That the Legislative Assembly of Ontario, noting reports that the Government of Canada intends to increase the price of domestic crude oil by as much as \$5 a barrel, and the price of natural gas by a corresponding amount on an energy equivalent basis, 1. Expresses its deep concern that such increases will greatly harm the consumers of Ontario and Canada generally, and will have a serious inflationary and recessionary effect on the Ontario economy; 2. Opposes any increase at this time in the prices of crude oil and of natural gas which results in windfall revenues and profits for the petroleum industry and the producing provinces; 3. Endorses the policy of one base price for crude oil across Canada and the subsidization of foreign imports of crude oil which that policy entails; 4. Supports the use of public funds for a greatly expanded program for energy conservation and the development of renewable energy supplies and systems; 5. Advocates, as interim measures, the imposition of federal excise taxes on crude oil and natural gas for the purpose of subsidizing imports and funding energy conservation and renewable energy programs; 6. Urges that such excise taxes be kept in place pending review and reform of the federal government's Equalization Policy and payments, with particular regard to the grossly inadequate weight now given to provincial oil and gas revenues as a factor in the Equalization Formula. And further, that the Legislative Assembly requests Mr. Speaker to transmit this Resolution forthwith to the Government and Parliament of Canada, and requests the Government of Ontario, in its discussions with the governments of Canada and other provinces to reflect the views expressed herein diligently and in good faith.
33. *Mr. Kennedy*—Resolution—That the Government declare an annual Small Business Week in Ontario for the purpose of informing the public of the key role of small business in our economy as employer, producer, taxpayer; to promote better understanding of the dependencies between small business, big business, government, and the public; The week to supplement and support the present small business activities that are ongoing throughout the year and to include seminars, information sessions, meetings with government, bankers, business consultants, and to discuss other related matters that would

assist both existing and potential small business in management, financing, production, and marketing, as well as offering assistance toward increasing opportunities for small business; That associated with this week there be developed a journal that would summarize all programmes and assistance available to small business and be capable of easy updating; That there be developed a universally recognized symbol that would aid in coordinating the roles of these participants and in disseminating information among them; The Government to launch the week through a forum sponsored in cooperation with big business such as banks, industry, and the news media and also at this initial forum there be established a medium for the ongoing annual small business weeks.

39. *Mr. Haggerty*—Resolution—That, in the opinion of this House the Government of Ontario should introduce legislation proclaiming the First Sunday in October, in each year, as Fire Fighters Memorial Sunday, in recognition of service to Country and Community, a special tribute to an extraordinary Group of Ontarians, who have made a supreme sacrifice for the safety and well being of their fellow Canadians and to provide the opportunity to inform Ontario Citizens, about their province's most dangerous profession and create awareness of Fire Prevention Week.

5. *Withdrawn.*
10. *Mr. Reid* (Rainy River)—Resolution—That this House is in favour of setting up a Joint Committee with the States of the United States along Ontario's borders for purposes of discussing mutual problems.
11. *Mr. Kennedy*—Resolution—That in the opinion of this House The Election Act should be amended to reduce the maximum period of time for a general election to thirty days.

14. *Mr. Nixon*—Resolution—That this House approve of the implementation of a new Ontario Disaster Relief Programme funded on the basis of the needs of the communities concerned, and that a system of Government supported flood insurance be established covering property in the flood plains.
15. *Withdrawn.*
16. *Mr. Makarchuk*—Resolution—That in the opinion of this House legislation should be introduced by the Government of Ontario to provide financial recompense to Canadian businesses when the provincial government or institutions which receive more than 50% of their funding from the public do not purchase, goods, food, or services which are available from Canadian sources and which are no more than 10% more expensive than similar goods, foods or services available from non-Canadian sources.
24. *Mr. Bounsall*—Resolution—That this House urge the Government of Ontario to implement immediately in legislation as amendments to the Ontario Human Rights Code, all the recommendations contained in the Ontario Human Rights Commission Report—*Life Together: A Report on Human Rights in Ontario*—particularly inasmuch as it has now been two years since that report was received, and almost five years since one Minister of Labour committed Government to introducing amendments at the next session.
26. *Mr. Smith* (Hamilton West)—Resolution—The Legislature of Ontario requests that the Government of Canada be urged to use every effort and means to secure the release of Yuriy Shukhevych and Lev Lukianenko from Soviet imprisonment and the compliance of the Government of the USSR with the letter and spirit of the Helsinki accords and the Charter of Human Rights.

27. *Mr. Haggerty*—Resolution—That, in the opinion of this House, no approval be granted for any permanent nuclear waste repository in Ontario, without the specific approval of the Ontario Legislature.
28. *Mr. Renwick*—Resolution—That, nearing a time of crisis and decision for Canada, a Committee of this House be named immediately to review the present proposals and positions of this government in relation to national unity and related constitutional issues, so that the position of this House may be made clear, particularly as the positions of the governments, Federal and Provincial, of the Task Force on Canadian Unity and other concerned interested bodies have now been published; and that the Committee be required to recommend to this House the policy and proposals for Ontario which will best ensure the continuing unity of Canada; the said Committee to report not later than December 31, 1979.

31. *Mr. Smith* (Hamilton West)—Resolution—That the Legislative Assembly of Ontario, noting reports that the Government of Canada intends to increase the price of domestic crude oil by as much as \$5 a barrel, and the price of natural gas by a corresponding amount on an energy equivalent basis, 1. Expresses its deep concern that such increases will greatly harm the consumers of Ontario and Canada generally, and will have a serious inflationary and recessionary effect on the Ontario economy; 2. Opposes any increase at this time in the prices of crude oil and of natural gas which results in windfall revenues and profits for the petroleum industry and the producing provinces; 3. Endorses the policy of one base price for crude oil across Canada and the subsidization of foreign imports of crude oil which that policy entails; 4. Supports the use of public funds for a greatly expanded program for energy conservation and the development of renewable energy supplies and systems; 5. Advocates, as interim measures, the imposition of federal excise taxes on crude oil and natural gas for the purpose of subsidizing imports and funding energy conservation and renewable energy programs; 6. Urges that such excise taxes be kept in place pending review and reform of the federal government's Equalization Policy and payments, with particular regard to the grossly inadequate weight now given to provincial oil and gas revenues as a factor in the Equalization Formula. And further, that the Legislative Assembly requests Mr. Speaker to transmit this Resolution forthwith to the Government and Parliament of Canada, and requests the Government of Ontario, in its discussions with the governments of Canada and other provinces to reflect the views expressed herein diligently and in good faith.
33. *Mr. Kennedy*—Resolution—That the Government declare an annual Small Business Week in Ontario for the purpose of informing the public of the key role of small business in our economy as employer, producer, taxpayer; to promote better understanding of the dependencies between small business, big business, government, and the public; The week to supplement and support the present small business activities that are ongoing throughout the year and to include seminars, information sessions, meetings with government, bankers, business consultants, and to discuss other related matters that would

assist both existing and potential small business in management, financing, production, and marketing, as well as offering assistance toward increasing opportunities for small business; That associated with this week there be developed a journal that would summarize all programmes and assistance available to small business and be capable of easy updating; That there be developed a universally recognized symbol that would aid in coordinating the roles of these participants and in disseminating information among them; The Government to launch the week through a forum sponsored in cooperation with big business such as banks, industry, and the news media and also at this initial forum there be established a medium for the ongoing annual small business weeks.

39. *Mr. Haggerty*—Resolution—That, in the opinion of this House the Government of Ontario should introduce legislation proclaiming the First Sunday in October, in each year, as Fire Fighters Memorial Sunday, in recognition of service to Country and Community, a special tribute to an extraordinary Group of Ontarians, who have made a supreme sacrifice for the safety and well being of their fellow Canadians and to provide the opportunity to inform Ontario Citizens, about their province's most dangerous profession and create awareness of Fire Prevention Week.

(Private Members' Motions, other than those directly related to Government Orders, will be published on the Notice Paper each Thursday.)

46. *Mr. McKessock*—Resolution—That in the opinion of this House, the Government of Ontario should take immediate steps to see that the farmers of Ontario are given the same competitive opportunities provided by other provinces and countries to their farmers, to allow Ontario farmers to compete fairly with other provinces in Canada and other countries of the world in agricultural production, and in this regard the government must take action, to reduce rural hydro rates, reduce farmer and small business interest rates, increase money for tile drainage, increase the capital support program to \$20,000, stop the encroachment of cities and towns onto prime agricultural land, stop non-resident foreign ownership of farm land, and many other areas in which the farmer could be helped to allow him to survive in Ontario. *To be debated on the Third Thursday of the Fourth Session.*

Mr. McKessock—Resolution—That in the opinion of this House, the Government of Ontario should take immediate steps to see that the farmers of Ontario are given the same competitive opportunities provided by other provinces and countries to their farmers, to allow Ontario farmers to compete fairly with other provinces in Canada and other countries of the world in agricultural production, and in this regard the government must take action, to reduce rural hydro rates, reduce farmer and small business interest rates, increase money for tile drainage, increase the capital support program to \$20,000, stop the encroachment of cities and towns onto prime agricultural land, stop non-resident foreign ownership of farm land, and many other areas in which the farmer could be helped to allow him to survive in Ontario. *To be debated on the Third Thursday of the Fourth Session.*
